Deconcentration Policy

The West Monroe Housing Authority supports having Section 8 tenants live in areas not her than those of poverty or minority concentration. The Housing Authority works through the West Monroe Landlord Association to encourage participation by new landlords to make available units in areas of lower poverty or minority concentration.

Maps are provided to tenants delineating the areas of poverty or minority concentration, and tenants are encouraged to look for available housing outside of those areas. The Housing Authority will advertise in the local newspaper about the need for more landlord participation in areas of lower poverty or minority concentration.

The Housing Authority provides Section 8 assistance in every census tract within the city limit of West Monroe and has continued to increase participation in areas of lower poverty and minority concentration while decreasing the participation in higher poverty and minority areas.

The West Monroe Housing Authority aims to accomplish the goal of housing not less than 40% of its families whose income is at or below 30% of the area median income. New admissions will be at least 75% whose income is at or below 30% of the area median income. None will be above 80% of the area median income. Developments with more than 40% Section 8 participants will be monitored to insure diversity of income and race.

Resident Advisory Board

The West Monroe Housing Authority Resident Advisory Board met to discuss the PHA Plan and the operation of the Housing Authority. The areas addressed included the method of selection and priorities of the waiting list, the higher standards for HQS as addressed in the Administrative Plan, the Family Obligations as included in the Administrative Plan, the investigation of criminal acts and persons not on leases, and the effort toward deconcentration. Also discussed was the way the staff treated the participants on the program. The response was the same as previous years, even with a different composition of members.

No suggestions were even offered to change any of the areas discussed. The open-ended question of anything that needed changing or improving or adding yielded no additional comments. However, there was much agreement that the HA should continue operating as it currently does and that no changes should be made, especially in the areas of continuing to require responsibility on the part of tenants and landlords alike.

The move to the new office has been a very positive one for tenants and our staff. Having the job development office in the same building with people whose purpose is to help people do better is a great environment for our tenants.

3. In what manner did the PHA address those comments? (select all that apply)

☒ Considered comments, but determined that no changes to the PHA Plan were necessary.

☐ The PHA changed portions of the PHA Plan in response to comments

Statement of Progress Toward Goals and Objectives of 5 - Year Plan

Much improvement is being made in the area of voucher management. Our staff has now been in place for a year now with each person familiar with his/her roles and with Section 8 rules and regulations. Our software has been in place for a year as well and we have much confidence in it to provide accurate information. The conversion to Windows will take place later in the year and should further enhance our ability to manage this program.

We have continued to work this past year to make landlords more accountable through inspections. Our inspector has a construction background and is working with landlords to understand repairs, especially lead paint. Through more thorough investigations, at night rein on illegal activities has led to fewer of our tenants being arrested. We are also implementing further steps to stop non-reporting of income. The word has gotten out to other tenants. And we have a housekeeping class through which the tenants also learn responsibility.

Our office has been working with the Job Development office in West Monroe to encourage and assist our tenants in obtaining suitable employment.

We would like to see HUD increase FMRs in our area because rents have gone up faster than the increases in FMRs. The utility rates are a little more under control. Many tenants are still having difficulty, and local assistance appears to be stretched thin.
